

Actyve Volleyball
Player/Parent Code of Conduct Agreement
2019-2020

- Player should always let one of the coaches know if she will be late or will miss a practice as soon as possible and preferably 24 hours in advance.
- We prefer that the player, not the parent, always be the one to contact the coaches. If your player wants to talk about anything regarding their game, we would like to hear from them.
- Pick your child up on time after practice. Coaches will not leave until the last player has left the facility so please be on time.
- 24 hour rule! – Parents, do not attempt to talk to the coaches about playing time or any other grievance within 24 hours before or after a tournament or during a practice or tournament. We are more than happy to discuss your player after or before this period.
- Sportsmanship – always support your team whether you are on or off the court and demonstrate sportsmanship at all times. This applies to parents as well!
- All players will get equal *practice* time but *playing time* is at the discretion of the coaches and will be affected by attendance at practice, attitude and ability. Coaches are instructed to put the most competitive team on the court during competitions. There is no guarantee of equal playing time.
- Always arrive to tournaments punctual, rested, hydrated and ready to play with complete uniform, knee pads, shoes, water and snacks (if applicable).

*Upon signing this contract, the parent/guardian agrees to all conditions of payment and deadlines. Late charge fees shall apply monthly until account is made current. Tuition payments must be completed by the deadlines stated, along with any and all other charges that have been incurred by the player and/or family. Players with outstanding balances or late payments will be suspended from practice and tournaments until account is made current. **Members leaving Actyve Volleyball before the end of the current season, under any circumstance, shall be required to pay the full tuition and travel costs.** All outstanding balances for tuition and/or travel will be referred to our collection agent. Players with outstanding fees will be barred from participation in any SCVA registered club until balance is paid.*

I have read the Actyve Code of Conduct and the Actyve Player/Parent Contract and understand and agree to these terms.
